If you do not, your stop payment will not bind us after fourteen (14) days. We will charge you \$35.00 for each stop payment order you give.
- If these regular payments may vary in amount, the person you are going to pay will tell you, ten (10) days before each payment, when it will be made and how much it will be. You may choose instead to get this notice only when the payment would differ by more than a certain amount from the previous payment, or when the amount would fall outside certain limits that you set.
- If you order us to stop one of these payments three (3) business days or more before the transfer is scheduled, and we do not do so, we will be liable for your loss or damages.
- A Stop payment may not be placed on any ACH, cashier's check, certified check, or any payment that the bank guarantees. You may not stop payment on an item after we have paid or accepted the item. Your order is only effective if we receive it soon enough to give us a reasonable time to act on it.
- If you submit your stop payment request through Online

Banking that electronic Stop Payment stays in effect for six (6) months unless the bank is notified in writing to cancel or to extend the order. Your stop payment order must contain the date, the amount, the name of the payee, and when applicable the number of the item. If you give us incorrect or incomplete information, we are not responsible for failing to stop payment.

 1. Bill Payments are process either through an electronic transmission to the payee or by check drawn on your designated Payment Account and mailed to the payee. Once you have established a new payee within Bill pay, you may view the Payee list to determine if the payment will be sent electronically or by check, as this may affect the payment processing time. Periodically the Bill Pay system may convert the type of payments that are sent to specific payees, whether electronic or by check.
 2. Each time you create an instruction for payment, you authorize us to debit your account for the total amount transmitted. You agree to maintain sufficient funds in the account on the transaction payment date requested to pay the amount of the transaction.
 3. If a payment is initiated in error, you may not have the ability to stop payment. For assistance with a payment error, place contact Lake Elmo Bank at 651.777.8365.
 4. We and/or our agent may refuse to process electronic or check transactions to OFAC prohibited parties, payees outside the United States, or other transactions that would violate any laws of the United States.
- **How to Schedule Bill Payments.** Once you have been approved for Bill Pay, you will select the Bill Payment tab within Online Banking. Next, you will select the Add a Payee tab located within Bill Pay. You can follow those onscreen prompts for paying a Company, a Person or Bank or Credit Union. You must provide sufficient information about a payee to permit us to properly direct a payment and permit the Payee upon receipt of a payment to identify you as the payment source.

You do this by filling in all the required fields with accurate information of those Payees to whom you wish to direct payment, you authorized us to follow the Payment Instructions you provide us in Bill Pay. It is your responsibility to provide accurate account numbers and payee information and to edit within Bill pay as needed so that the payment will be properly submitted.

1. There is no limit to the number of payments that may be authorized; however, we are unable to process any payments to federal, state, or local tax agencies.

2. Once the Payee has been created, you will need to schedule the payment amount and payment date. Once a payment date has been established you will be provided with an estimated delivery date; however, please note this is only an estimate and is not a guaranteed.

- Payments may be set up as either a:

a. **Single Payment:** You may schedule a payment to be made one time to a Payee. The payment may be scheduled on a future date or on the same day that you enter the Payment Instruction provided you enter the Payment Instruction by the Cutoff Time. Enter a payment amount, select your payment date, and select Pay next to the payee you wish to pay. A Single Payment submitted after the Cutoff Time on the designated process date will be processed next business day.

b. **Recurring Payment:** You may schedule payments to Payees to be automatically initiated for a fixed amount on a scheduled payment frequency. Choose the option next to the Payee that says Make it Recurring to schedule your recurring payment. You may make payments weekly, biweekly, semi-monthly, monthly, quarterly, semi-annually, or annually. If the Scheduled Payment Date does not exist in a certain month, then the payment will be initiated on the last Business Day of the month. For example, if you schedule a payment for the 30th of each month, your payment for the month of February will be initiated on or before the last day of February. When establishing a recurring payment, you may elect to choose for the payment to Pay Before or Pay After a scheduled date that falls on a holiday or weekend.

You will be provided a confirmation number for each payment you schedule using Bill Pay. It is recommended that you record the confirmation number for your records.

- When we receive a Payment Instruction, you authorize us to debit your Payment Account and remit funds to the Payee on your behalf. Before an electronic payment is processed, available funds will be verified and withdrawn from your account. Bill Payments will be attempted at the established Cutoff Times depending on when the payment was established. If the payment cannot be processed due to insufficient funds, Bill Pay will attempt to pay the bill for three business days. An email will be generated when the payment cannot be processed due to insufficient funds. If the payment cannot be paid at the end of the three business days, the payment will be automatically canceled, and you will be required to set up the payment again. You will receive an email notification if a Bill Payment has been canceled due to insufficient funds.

- We can process a Bill Payment when the Scheduled Payment Date has been scheduled prior to the established Cutoff Times on any Business Day. If you schedule a Bill Pay after the established Cutoff Times, we will process the transaction on our next business day. If you schedule a Bill Payment for a future date, we will process the transaction on that date, if that day is a business day. If the date you request for a future Bill Pay is not a business day, we will process the transaction based on the Pay Before or Pay After designation you selected. If you schedule a recurring Bill Pay and the transfer date does not exist in a month, the Bill Pay will be processed on the last business day of that month.
- Bill Payments will be processed at established Cutoff Times on business days. It is anticipated that most transactions will be processed by the next Business Day after your Scheduled Payment Date and arrive approximately 3-7 Business Days after your selected Scheduled Payment Date. Due to circumstances beyond our control, particularly delays in handling and posting payments by slow responding Payees or financial institutions, some transactions may take a day or even a few days longer to be credited by your Payee to your account. For this reason, it is necessary that all Scheduled Payment Dates selected by you be no less than seven (7) Business Days before the bill's actual due date if paid by check and three (3) Business Days before the bill's actual due date if paid by electronic funds transfer, not the late date and/or a date in the grace period. Payment instructions entered after the Cutoff Time or on non-Business days will be considered entered in Bill Pay on the next Business Day. For Recurring Payments, this means that you must allow additional time for months in which weekends or holidays reduce the number of Business Days between the Recurring Payment date and the bill's actual due date. In any other event, including, but not limited to, choosing a Scheduled Payment Date less than seven (7) Business Days before the bill's actual due date if paid by check and three (3) Business Days before the bill's actual due date if paid by electronic funds transfer, the risk of incurring and the responsibility for paying and all late charges or penalties shall be borne by you.
- The system will calculate the Estimated Arrival Date of your payment. This is only an estimate, so please allow ample time for your payments to reach your Payees.
- Sufficient Time for Payments is Necessary. Payments should be scheduled to allow sufficient time for mailing or electronic processing. Suggested scheduling for an ELECTRONIC PAYMENT is to allow three business days from when the payment is processed. Suggested scheduling for a CHECK payment is to allow 5 to 7 business days (checks are not locally processed) from when the payment is processed. We are not responsible for postal delays or processing delays by the payee for any payment made through Bill Pay.
- You understand that our authorized agents and we will use reasonable efforts to ensure payments reach payees on time but cannot guarantee the time a payment will be received and/or posted by a Payee. Our authorized agents and we will use reasonable effort in assisting you with the reversal of any service fee or late charge that is related to a payment processing error. We and our authorized agents will not be responsible for any loss or penalty that may be incurred due to lack of sufficient funds or other conditions that may prevent the withdrawal of funds from your account.

Note: Some check and electronic payments may require additional processing time due to OFAC.

- **Rejection of Payment.** Payments may be rejected, returned, or sent to an incorrect address due to incorrect payee data. If a payment is rejected, you will receive a phone call from the Bank (due to invalid account number or invalid payee mailing address for example).

1. You will see all pending payments in the Pending section of the Payments screen prior to the Scheduled Payment Date. A bill payment is a Pending Payment starting from the time you enter Payment Instructions until the payment is processed. Once payments are processed, they can be seen on the History screen. A bill payment is processed starting at the Cutoff Time on the Scheduled Payment Date.

2. Once your scheduled bill payment is Processed, we will relay your payment information to a third-party processor, who in turn will remit payment to your payee by one of the following means, at the vendor's sole discretion: (1) electronic payment; (2) by mailing your Payee a check drawn on your Payment Account. Electronic payments will be withdrawn from your account on the Scheduled Payment Date. Payments by check will be withdrawn from your account when the check is presented to the bank for payment from your account.

3. By utilizing Bill Payment, you agree that we reserve the right to obtain financial information regarding your account from a Payee to resolve payment-posting problems.

- **Stop Payment of a Bill Payment, Check, or Electronic Transaction** - You have the right to stop or change any scheduled bill payment. However, you must cancel a payment no later than 2:00 PM (Central Time), on the Payment Date, by using the Bill Payment Service. If the payment date is on a weekend or holiday, the stop payment must be initiated no later than 2:00 PM (Central Time), two (2) business days prior to the payment date. Stop payment requests for electronic bill payments are not permitted after the bill payment date.

- **Cancelling a Bill Payment (check or electronic withdrawal)** - Prior to the established Cutoff Times, you may cancel or edit a Pending Payment within Bill Pay by selecting and accurately completing the appropriate fields.

- **Our Rights** - If we fail to cancel or stop a bill payment, the payment will stand unless you show us that payment to the payee was unenforceable. If we re-credit your account after transferring funds over a valid and timely cancellation request, you agree to sign a statement describing the dispute with the payee, to transfer to us all of your rights against the payee, and to assist us in any legal action taken against that person.

- **Bank Errors** - If Lake Elmo Bank does not properly complete a bill payment on time or in the correct amount, we will pay any late fees or finance charges up to \$25, as long as your account was in good standing with the payee prior to this incident and the Payee was a Business that charges late charges or penalties. We will also be liable to you if we fail to stop a payment pursuant to your order to do so, so long as your order describes the payment with reasonable certainty and is received at a time and in a manner that affords us a reasonable opportunity to act on it.

1. We will not be responsible for any charges imposed or any other action taken by a payee resulting from a payment that you have not scheduled properly, including any applicable finance charges and late fees. In addition, we will not be liable if any third party through whom any bill payment is to be made fails to properly transmit the payment to the intended payee.

2. We will also not be liable if there are insufficient available funds or credit availability in your Bill Pay Account and/or overdraft protection plan; if a legal order directs us to prohibit withdrawals from the Bill Pay Account; if the Bill Pay Account is closed or frozen; or if any part of the electronic funds transfer system is not working properly.

3. We will not be liable for indirect, special, or consequential damages arising out of the use of the Bill Pay Service.

- **Payments and Overdrafts** - If for any reason a payment processed through Bill Pay causes an overdraft or insufficient funds situation occurs, we may charge the current overdraft or non-sufficient funds item fee per **the Miscellaneous Fee Schedule** for such service, as amended from time to time.

1. We may charge payments against the account even though the charge creates an overdraft, or we may refuse to make payments if the charge creates an overdraft. If you overdraw your account, you agree to immediately pay us the overdrawn amount, together with any applicable fees. If the account is maintained in connection with an overdraft credit plan, any overdraft will be made in accordance with the agreement or rules governing that account rather than this Agreement.

2. Check payments made through Bill Pay services causing an overdraft against your account may be returned to the merchant for non-sufficient funds. Check payments will be generated regardless of available funds and may cause an overdraft against your account if funds are not deposited prior to the check clearing your account.

- **Periodic Statements** - Your Bill Pay account activity will appear on your periodic account statement(s). You should examine all statements and notices promptly upon receipt. You can view payment activity on the Online Banking or Mobile Banking account activity screens. You may also view your Bill Pay account activity under the History section or

the Pending section on the Bill Pay page within Online Banking.

- **Termination** - The Bank may cancel or suspend Bill Pay, in whole or in part, at any time without prior notice to you. Cancellation or suspension shall not affect your liability or obligations for any payments made under this Agreement on your behalf. We may modify, suspend, or terminate your privilege of using Bill Pay and may withhold approval of any transaction, at any time, without prior notice to you or refund of fees you have paid. If you have not used your bill, pay service in six month we may terminate the Bill Pay service. In the event we terminate Bill Pay, we will try to notify you in advance but are not required to do so. 1. You may terminate the use of Bill Pay by contacting the bank at 651.777.8365 or send a secure message through Online Banking. Your termination of your Bill Pay will automatically terminate any future scheduled payments and all payment history. You remain obligated for any outstanding Bill Payments despite the status of your account.

- Customers removing their accounts from online does not terminate bill pay. After 45 days of not having any accounts attached to bill pay it will they go into a deactivated status
- Additional provisions for businesses - The provisions in this section apply only to bill payments from business accounts. You agree that the password security previously described under section labeled “Online Banking Security Information” sets forth security procedures for electronic fund transfers that are commercially reasonable.
